

Nivea Kids Sun Cream

As the weather is starting to improve, we recommend that you put sun cream on your child before they come to school. However, we have recently been told that Nivea Sun Kids Protect and Care 5 in 1 skin protection now contains organic almond oil. As we have children in school with nut allergies, we would ask you not to use this product and please check the ingredients of any other product that you are using.

Events - Fossil Competition

The Etches Collection – Museum of Jurassic Marine Life, located on the Jurassic Coast World Heritage Site in Dorset have just launched the Inaugural Children’s Fossil Competition.

For the next 4 months children between the ages of 5-16, who live in the UK will have the opportunity to enter one of their fossils into the competition and get the chance to have it on display at our museum. Every child that enters the competition will receive a personal annual pass to the museum that is valid for the year and will also get an e-certificate. The 6 winners will have their fossil on display alongside our collection for an entire year.

If you know any budding palaeontologists, geologists, earth scientists or fossil hunters out there in the UK between the ages of 5-16 years old, please let them know about this fun and unique competition for the chance to show off their knowledge and fossil collection to the world! Please follow this link for more information.
