

# Year 3 Overview Autumn 2024

	In class your child will....	At home you could.....
<b>Science</b>		
<b>The Human Body</b>	The children will learn about what makes a balanced diet as part of keeping themselves healthy. They will be studying the skeleton and comparing the human skeleton with animal skeletons.	Talk to children about how important it is to look after themselves and to keep their teeth clean.
<b>Computing</b>		
<b>Multimedia and Technology in Our Lives</b>	<p>The children will learn about safe searches on the internet and using software to present their own research.</p> <p>The children will also revisit how to keep safe while online as well as how to make good choices about the amount of time they spend on their devices.</p>	You could talk to your children about their use of the internet and how they can do so safely.
<b>Religious Education</b>		
<b>Christianity</b>	<p>Children will learn about the Christian creation story and how God expected the human race to look after the world.</p> <p>Children will consider how it feels to be a part of the Christian faith. They will learn about the story of Noah and the promises that he made to God. We will discuss promises that the children have made themselves and will link this to wedding ceremonies and the promises that people make to each other.</p>	<p>Talk with your child about things that they think are amazing about the world and how they can be looked after.</p> <p>Think about the groups that you belong to within the community and any promises that you make. Talk about any weddings that you have attended.</p>

History		
<b>The Stone Age to the Iron Age</b>	Get ready for an exciting journey back in time! The children will explore the incredible changes that took place from the Stone Age to the Iron Age. They'll discover how farming transformed, how families lived, and how early humans invented amazing new technologies that shaped the future!	Talk about what life would have been like in pre-history without electricity, the internet, running water, etc.
Design Technology		
<b>Healthy Diet and Food</b>	Get ready to become mini chefs! The children will dive into the world of food, learning how to create tasty, healthy meals. They'll explore what makes a balanced diet, and use their new skills to design their very own healthy meal. They'll even get to make delicious pizzas—kneading the dough and picking the healthiest, yummiest toppings	Encourage your child to join in with food prep at home, chat about different types of food, and make fun, healthy choices together. It's going to be a mouth-watering adventure!
Art		
<b>Portraits</b>	Children will develop their drawing skills, looking at the use of line to create portraits. They will study portraits by Picasso and compare his portraits to more classical ones. Children will draw self-portraits focusing on proportions of features.	Draw different types of lines and shapes. Discuss what happens when they hold their pencil in different ways and apply lighter or heavier pressure.
Personal, Social and Health Education		
<b>Celebrating differences</b>	Children will think about themselves and what makes them unique. They will consider how being different to others can cause arguments and how to resolve this and how to be more independent when solving conflicts.	Encourage your child to celebrate their uniqueness. Discuss the things that they are good at and share what they might like to improve on. Encourage your child to talk about any friendship problems and discuss strategies that they could employ when they have had a falling out.

Music		
<p><b>Writing music down</b></p> <p><b>Playing in a band</b></p>	<p>The children will be listening to a range of music and then answering questions based on what they have listened to. These will encourage them to discuss different instruments they can hear, the style of music and how the songs are put together. They will also learn that long and short (rhythm) and high and low (pitch) sounds can be represented by musical symbols. These symbols can be written on a staff and named with special musical names. This helps us to remember what we are going to sing and play. They will explore the notes crotchets and minims within the music they learn. The children will use this knowledge to begin to play instruments together.</p>	<p>Encourage your child to answer questions about different music they listen to at home.</p> <p>Have fun making up rhythms by putting together long and short sounds. Can you copy each other's rhythms?</p>
Physical Education		
<p><b>Dance</b></p>	<p>The children will be creating and choreographing their own dances based upon The Nutcracker. They will be looking to link a series of movements, focusing on using different levels and facial expressions.</p>	<p>To develop their skills in dance, encourage your child to show you what they have been doing in school. Can they set those steps to their favourite music?</p>
<p><b>Outdoor Education</b></p>	<p>Children will develop their teamwork whilst learning basic map reading techniques. Children will learn to orientate the map to their surroundings and take on orienteering courses in school.</p>	<p>Encourage your child in any physical challenges they wish to set themselves, e.g. riding a bike, managing a new piece of play equipment at the park. Look at maps together, using the key to find out what the symbols mean. Using a map of the local area, challenge your child to navigate a walk to a given point.</p>
Languages		
<p><b>French -</b></p> <p><b>La phonétique (Phonics &amp; Pronunciation)</b></p> <p><b>J'apprends le français (I Am Learning French)</b></p>	<p>The children will learn a selection of the key phonemes to facilitate accurate and authentic pronunciation as part of their language learning experience. Each of the 4 lessons is accompanied by a song that pupils will be encouraged to actively participate in, as well as a mouth mechanics guide video.</p> <p>By the end of the unit pupils will have the knowledge and skills to be able to introduce themselves, say how they feel and have a wider appreciation for the country/countries where the foreign language is spoken.</p>	<p><i>Play some games to practise the vocabulary for these topics.</i></p> <p><i>Go on the website <a href="http://www.lanquageangels.com">www.lanquageangels.com</a></i></p> <p><i>Click on 'LOGIN'</i></p> <p><i>Select 'PUPIL LOGIN'</i></p> <p><i>3P Username: year3pa</i></p> <p><i>3P Password: LA2022</i></p> <p><i>3W Username: year3wa</i></p> <p><i>3W Password: LA2022</i></p> <p><i>Select which device you will be playing the games on (computer or tablet)</i></p> <p><i>Click on 'Karaoke' to sing along to French songs</i></p> <p><i>Click on 'Games'. Then select "Level 2" then you can select any of the units we have been learning about to practice.</i></p>
